

# SEMINARS

**PURPOSE:** Seminars are conducted as part of the curriculum for special interest groups, or to provide continuing education in varied subject areas.

**CONTENT & AUDIENCE:** The content of seminars is widely diverse. Subject matter is usually dictated by the groups attending, such as: Ladies Auxiliaries, Fire Officers, Engineers, Fire Police, etc.

**PREREQUISITES:** Usually the prerequisites are defined by the subject matter or the title of the seminar. An example would be that only fire chiefs may attend the "Fire Chiefs' Seminar". If prerequisites exist concerning the attendees, they are always posted on the pre-registration forms that are sent out monthly.
